## SUMMARY

Motivated computer engineering student with a growing foundation in Python, MERN development, and AI and ML concepts, eager to contribute to projects and learn from practical challenges in a technical role.

---

## EXPERIENCE

Intern, Python and MERN Learning Track  
**Static Educare**  
June 2025 to August 2025  
Learned Python and OOP concepts  
Developed MERN stack fundamentals

---

## SKILLS

Basics of Python  
MERN stack development  
Learning OpenCV and AI concepts

---

## CERTIFICATIONS

Python Programming Basics  
Static Int Educare (Offline)  
September 2025  
Completed a course on Python fundamentals, focusing on programming logic and practical exercises.

MERN Stack Fundamentals  
Static Int Educare (Offline)  
October 2025  
Gained hands-on skills in building web applications using the MERN stack through offline sessions and guided projects.

---

## EDUCATION

**Thakur Polytechnic**  
Mumbai, India  
Diploma in Computer Engineering, Third Year  
Expected June 2026
